

# Multi-Vehicle Automatic Transmission Fluid

Medallion Plus® Multi-Vehicle Automatic Transmission Fluid (ATF) is a multi-functional transmission fluid for numerous makes of passenger cars, trucks, construction and mining equipment, farm machinery and other mobile and industrial systems.

Medallion Plus Multi-Vehicle ATF offers many performance benefits, including superior cold temperature performance characteristics, a wide range of seal compatibility, excellent wear protection, superior frictional characteristics with excellent friction retention and smooth shifting. It also has excellent corrosion and rust preventive properties, as well as rigid anti-foam characteristics. It will not cause excessive seal swell or shrinkage, nor will seals excessively harden or soften.

This ATF allows for inventory optimization as it meets multiple applications and provides excellent service in a wide variety of automatic transmission applications.
